From The Excise Commissioner
in Mysore

To The Secretary to Government
General and Revenue Departments

Sir, I have the honor to submit herewith, a detailed statement showing the results of the sales of the Separate Arrack shops and Arrack Vend Farms in the various Districts of the Province excluding the Civil and Military Station of Bangalore, for the year 1897-98.

2. The abstract of the above statement is annexed below.

3. It will be seen from the above, that there was a general increase in all the Districts, the largest being in the Bangalore District; and that the total increase amounted to Rs 1,09,970-8-0 over the past year's rental. The main causes of this large increase are the following:—

- (1) The Separate System which was in force only at the Bangalore and Mysore cities in the Kolar Gold Fields, has been introduced in the current year 1897-98 into the Head Quarters towns of Districts, except Chitaldurg in which there were no bidders for Separate shops.
- (2) The gross profit to Vendor Farmers and Separate Shop keepers was increased from Rs 0-10-6 to ~ Rs 1-3-8 as per particulars below:—

(3) The Vend Farmers and Separate Shop Keepers were relieved of the cost of the establishment and house rent of Bonded Depots, and Separate shop keepers were also relieved of the burden of contributing for the pay of the Special Shroffs appointed - for their convenience, the Govern-
-ment having undertaken to bear the same.

4. The results of the sales were ~ satisfactory in all the Districts, except the Kadur District about which a separate report has already been made to Government.

2 From the statement hereto
annexed it will be observed
that there was a general increase
of revenue from the sales of arrack vend farms & shops
in all the districts, the largest increase being
Rs. 4,37,74/- being in the
Bangalore District. The total
increase amounted to Rs. 10,99,77/-
over the previous years rental
of Rs. 14,37,77/- (1896-97) which contributed to
the increase of Rs. 3,66,77/- (1897-98)

3 The main causes of this
increase are stated to be -
(1) the introduction of the separate shop system
into the 42 towns of all districts except Chitaldrug
(2) the comparatively much
larger margin of profit-
allowed to the farmers under

(1) the present enhanced rates of retail & wholesale prices of arrack and (2) the non-liability of farmers to pay the Depot Establishment charges &c

It is also reported that the extension of the separate shop system is one of the main causes that have contributed largely to the increase of revenue. ^{between} ~~The results of a comparison of the two percentages of~~ ^{increases in sales relating to the vend} ~~sales furnished in the statement do~~ ^{forms & the separate arrack shops do} not however support this view. But ~~we therefore consider cannot~~ therefore consider it too early to accept this view of the Excise Commr. unless corroborated by further experience.
